B. PERSON CENTERED MEDICINE INTERNATIONAL JOURNAL ON LINE

CALL FOR PAPERS

1. New Edition of The Person Centered Medicine International Journal, the first journal on line on Person Centered Medicine to be founded in 2010 by Giuseppe R.Brera, started a new original editorial life. With a new editorial live structure. The journal is the official organ of the Person Centered Medicine International Academy , and the Person Centered Medicine Dept of University Ambrosiana, where Person Centered Medicine is born.

These are the summarized innovative procedure protected by the University Ambrosiana Copyright.

- **It is a registered access journal that requests registration in the editorial community with benefits in conference participation on PCM, promoted or sponsored by PCMIA. Articles are available in on line and printed form. If printed article are printed on the Person Centered Medicine A**
- **Papers must be submitted without the topic “ discussion” .It will be openly made with the author by three advisory or editorial board members who will be invited to discuss the article in forum. Each paper and each author has a dedicated forum in campus on line. The paper’s s forum could be read by the advisory board members. Early presentations in Conferences or dissertations are particularly encouraged.**
- **The paper must be sent with a power point file with a clear synthesis of the paper.**

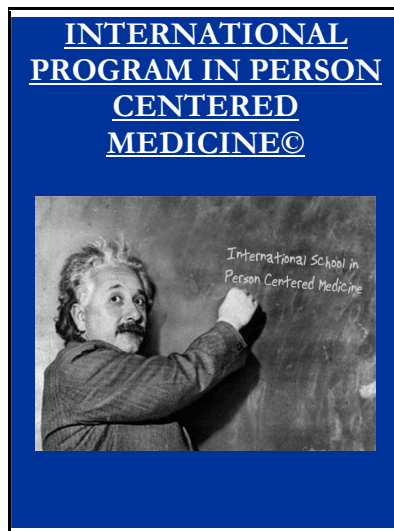

- Any advisory board members is informed with a newsletter about submissions and could read the discussion. And send remarks to the author
- After the discussion the author will resend the paper with a synthesis of the discussion
- After publication the paper's forum is opened to the advisory members comments and the author can answer and discuss.
- The published paper's is announced on Twitter : on the following pages
<http://twitter.com/#!/ambrouniversity>
<http://twitter.com/#!/pcmiasecr>
- Papers are published on line after the discussion and on request these will printed and sent to the authors. Printed papers are gathered in the printed yearly journal "Annals of Person Centered Medicine" (one issue a year)
- There is not a normal subscription but an Advisory board membership (an active role) and it must be requested with a membership fee (100 euro).This membership consents to participate in the paper open discussion
- Publishing on the Journal is one necessary condition to become member of the Person Centered Medicine International Academy.
- The publication language could be Italian, English, French, Spanish, Greek ,German. Discussions are in the paper's language or in English and summaries are in English.
- The previous members of the Person Centered Medicine Group attending to the Geneva Conferences in PCM are particularly invited. The deadline for the Advisory Board membership To date the Editorial Board is composed by: Giuseppe R.Brera, (Founder and Editor in chief), Luciano Berti, George Christodoulou, Richard Fiordo, Paolo Lissoni, Roy Kallivayalil , Claudio Violato.
