

Università Ambrosiana

Person Centered Medicine International Academy
Milan School of Medicine

INTERNATIONAL PROGRAM IN PERSON- CENTERED MEDICINE

October 20-23 2025

Pre-conference course of

PERSON-CENTERED HEALTH AND THE RESILIENT ADOLESCENT

October 24-25-26

Italy, ASSISI

Introduction

The [Person Centered Medicine International Academy](#) (PCMIA) and the [Milan School of Medicine of the University Ambrosiana](#), where in 2005 the only department still existing in the world of [Person-Centered Medicine](#) was born, are engaged in a global diffusion of [the Person-Centered Medicine paradigm change in Medical Education and Research](#). The International School in Person-Centered Medicine, of the Milan School of Medicine, born in 2009, has the aim to teach the [Person Centered Medicine theory](#) and the quality procedures of Person Centered Clinical Method taught at the Milan School of Medicine from 1998, whose curriculum is inserted in the [Ambrosiana University Person Centered Medicine International Program](#). The attendance gives the possibility to become member of PCMIA. The first necessary step is to learn to apply Person Centered Clinical Method. The courses are inserted in the International program in Person Centered Medicine, and give credits for a Certificate, MA and Licentia Docendi in PCM.

Course A: Person Centered Medicine * – Giuseppe R. Brera

Course B: Getting Published in Medical Education – Claudio Violato

The courses are located in Assisi at the venue of the international Conference [:”Person-centered health and the resilient adolescent”](#) one of the top sites in Italy, cradle of the St. Francis history. This spectacular setting offers art, history, and gastronomic delights. The courses, under the auspices of the Person Centered Medicine International Academy,(PCMIA) are taught by prof. Giuseppe R. Brera, MD, theorizer of [“Person-Centered Medicine”](#), “Person-Centered Clinical Method” and “ Person Centered Medical Counseling”; Claudio Violato, PhD - Professor, in University of Minnesota , and in Ambrosiana University, director of the Dept. of Medical Education. The courses will be followed by the Conference : **“ Person-centered health and the resilient adolescent”**, to which course members are admitted, without additional registration costs The Course offers University and PCMIA Credits for [the International Program in Person-centered Medicine](#) (MA and PhD in Person-centered Medicine).

Who should take the courses?

MD degree for the course in Person Centered Medicine .All health professionals or graduate students for “Getting Published in Medical Education”

[“DOMUS PACIS”](#)

DATES: 20-23 October 2025

Registration allows credits for the International Master in “Person Centered Medicine” and Milan School of medicine masters in Medical Counselling, Clinical Adolescentology and Licentia Docendi in PCM and PCCM (Italians)

Language of the Course: English

PERSON CENTERED MEDICINE (PCM) and PERSON CENTERED CLINICAL METHOD (PCCM) 20-23 October

Professor

Giuseppe BRERA - MD, Professor

Director of the Person Centered Medicine International Academy, Director of the Milan School of Medicine

PREREQUISITES:

MD degree (also residents)

General Educational Objectives

Participants will be able to:

1. Describe the Relativity Theory of Biological Reactions and the Paradigm Change in Medical Education
2. Describe the philosophical framework of Person Centered Medicine
3. Describe the Person Centered Medicine Theory
4. Describe and apply the Person Centered Medicine Clinical Method and Person Centered Medical Counselling first applications

Specific Instructional Objectives

Participants will be able to:

1. Run step by step the Person Centered Clinical Method Quality Procedure from the Anthropic Effect to the Person Centered Clinical Syntheses
2. Fill-up the Person Centered Medicine Clinical Sheet

Monday 20 October	
8:30-9:00	Introduction
9:00-10:30	Change of the Paradigm in Medical Science –New conceptual and operational concepts in Medical Science. Theory of the Person Centered Medicine
10:30	Nutrition break
10:45-11:30	New conceptual and operational concepts in clinics and research
11:30-12:30	Person Centered Clinical Method Theory (PCCM) and application results

20- 23 October	
8:30-10:00	PCCM method and assessment
10:00-10:15	Nutrition break
10:15-12:30	Training in PCCM
14:30-17:00	Training in PCCM

GETTING PUBLISHED IN MEDICAL EDUCATION

October 22-23 2025

Professor

Claudio Violato - PhD, Professor, Magister Scientiae,
Università Ambrosiana; Director of the International
Graduate Program in Medical Education Professor in
Medicine, Assistant Dean, University of Minnesota

PREREQUISITES:

Health professional (PhD, MD, MSc, MPH, graduate and
medical students)

General Educational Objectives

Participants will be able to:

1. Understand the scientific research process and publication in medical education research
2. Critically evaluate published medical education research
3. Appreciate the value of scientific findings for medical education practice

Specific Instructional Objectives

Participants will be able to:

1. Create electronic databases in Excel, SPSS, Meta Analysis and R
2. Run analyses (e.g., descriptive statistics, graphs, correlation, ANOVA, regression)
3. Run Meta Analysis to compute effect sizes and forest plots
4. Interpret statistical output and level of significance and prepare tables of results
5. Write a “skeletal” scientific paper for journal submission

COURSE SCHEDULE AND PROGRAM

October 22	
9:00 – 10:30	Nature of Research in Medical Education, Exploratory Research Methods, Preparation of Research Article, Targeting Journals
10:30	Nutrition break
10:45 – 12:45	Hands on lab: Training with software
13:00 – 14:00	Lunch
14:00 – 15:30	Survey Research, Questionnaires, Descriptive Statistics
15:30	Break
15:45 – 16:30	Measurement of Variables – Reliability, Validity Hands on lab: Training with software
October 23	
9:00 – 10:30	Systematic Reviews, Meta-analysis
10:30	Nutrition break
10:45 – 12:45	Hands on lab: Training with Comprehensive Meta Analysis
13:00-14:00	Lunch
14:00 – 15:30	Latent Variables and Advanced Methods
15:30	Break
15:45 – 16,30	Hands on: Preparing the scientific manuscript Submitting the MS, reviewers, editors and follow-up revisions
